ORNAMENTAL TREES IN BUSINESS AREA PLAN IN ONTARIO

Palms Will Be Put On Euclid Along Outer Edge of Sidewalks

Ornamental trees will be set out on Euclid avenue in Ontario for a distance of approximately four blocks through the business district, it was decided at a meeting of the Ontario council last night. The trees will be placed in connection with the widening of the avenue pavement from C street north for several blocks.

The trees, Cocos Plumos palms, will be placed at intervals of 30 feet on the outer edge of the sidewalk. They will be approximately 12 feet in height. The tree planting will extend from the Southern Pacific tracks north to a point yet undetermined, probably E street.

Carl Holmer, city engineer, reported on the tree planting program in connection with the widening of the Euclid avenue pavement from C street north. The widening is planned to allow for sufficient space in diagonal parking of cars on the avenue. Cost of the widening will be approximately $30,000, with the WPA providing $25,000 of the total.

Placing of ornamental trees in the business district is in keeping with a move popular in many southland cities. At one time a petition was circulated in Upland for placing of trees in the business district here. While may property owners favored the move, opposition developed and the improvement was never ordered.

The Ontario improvement program also contemplates the resurfacing of South Euclid avenue.

The council adopted an ordinance in connection with the municipal election to be held in April. Election officals will be paid $4 for handling the voters during the election.

Routine business and reports of committees were given attention during the regular meeting of the Upland Junior Welfare League held Friday afternoon at the home of Mrs. A. B. Van Fleet on Red Hill Estates.

Mrs. Dudley Phillips, president of the League, conducted a brief business session and the reports of major interest were made by Mrs. Hal Harlow, chairman of the dental clinic, and Mrs. Nelson Gray, Welfare shop chairman.

Additional stock is needed at the Welfare shop and donations of clothing of all kinds will be welcomed.

Attending the meeting Friday were Mrs. Phillips, Mrs. George West Barrett, Mrs. Nelson Gray, Mrs. Hal Harlow, Mrs. Virgil W. Holden, Mrs. Willetts Hole, Mrs. Beecher F. Hungerford, Mrs. Keith Koehler, Mrs. Douglas Sage, Mrs. Leland Scheu, Mrs. David Seares, Mrs. Webster H. Thomas, Mrs. Walter Welge, Mrs. Edwin Wickstrom, Mrs. Ted Stamm and Mrs. Van Fleet.

Ontario May Change License Schedule To Meet Upland Scale

Adoption of a business license for plumbers and electricians in Ontario that will be similar to the Upland license is being considered by the Ontario city council. A proposed ordinance fixing the annual fee for these craftsmen at $30 was taken under advisement at last night's meeting. The Upland fee for plumbing and electrical firms is $30 payable in advance. The present Ontario fee is $24 annually, payable quarterly.

The proposed change in the Ontario fee schedule is suggested by the Ontario plumbers and electricians.

Citrus Shipments For Week 133 Cars

One hundred and thirty-three cars of citrus fruit were packed and sent from local associations last week. Of this total 20 cars were lemons and 113 cars were Navel oranges.

Total shipments for the season so far are Navels, 625 cars; Valencia oranges, 21 cars, and lemons, 279½ cars.

Very Brief Interviews

Studies at Home

Sammy Rowe, sixth grade student at the Fannie D. Noe school, has to study at home nights. "I like arithmetic but I have to study it a lot at home," he said. Asked about his grades, the youngster said he got some "A's" and that his mother was especially glad that he got "A's" in deportment and effort.

"I probably have read about 400 or 500 books from the library," he continued.

Property Attached

William E. Hicks, who lives on Red Hill, said that motorists involved in accidents are liable for damages.

"The state has a financial responsibility act which requires guilty motorists to pay for damages suffered in accidents," he explained. If persons are unable to pay the damages they will lose their drivers' licenses and their property can be attached to pay for the property losses."

Mr. Hicks estimated that only about one-third of the motorists are insured.

Less Shaves at Barber Shop

George Culver of the Hartzog & Culver barber firm was reminiscing with the News Guy about the changes that have taken place in the barber business since "the good old days." Said he:

"We used to have about ten shaves to one hair cut. Now it may be two or three days before someone comes in for a shave."

The reason for the change, of course, is the general use of the safety razor and the coming in of the electric shaver. Mr. Hartzog stated that last year he sold nearly 100 electric shavers.

Safer Without "Buttons"

Perhaps you have noticed that the "buttons" have been removed from many street intersections in Upland. The "buttons" were there as a safety device for about 15 years. Asked as to the reason for their removal, City Manager Richard G. Manley said: "Because of the fact that motorists drive into them they are a greater danger hazard than when there are none."

LEGION TO MARK ANNIVERSARY HERE

Upland Post Is Inviting All Former Officers For March 1 Meeting

Thoughts of local ex-servicemen will be turned back to their war days at the meeting of the Upland post of the American Legion next Tuesday. Nineteenth anniversary of the founding of the American Legion will be observed in a program being planned by Commander Homer T. Goslin.

Former commanders of the post will be honored. A reunion is planned of all men who have ever belonged to the Upland post. Of the 18 living ex-commanders, all but one lives in the southland. Harleigh Brown, a Stockton resident, is the only one residing out of this district. It is expected he will return for the occasion. Adjutants of former years are also being invited and the general program will provide for a review of the post's activities.

In keeping with the occasion, dinner will be served in army style.

Men who have served as commanders of the local post since its inception are Fred Froehde, Harold Moore (deceased), Sam B. Rowe, Paul Adams, Harley Brown, Frank Nichols, John D. Howe, Floyde Atwood, Bruce Moore, Milton F. Huxtable, Earl E. Marsh, Charles Benson, Thomas E. Howarton, Herman Cordes, Gene Nesbit, Clair Kirk, Allan S. Barr and Don E. Meredith.

Another special event for ex-servicemen will be the meeting of the American Legion county council in the Chino post's new Legion clubhouse March 15. The meeting is being planned then so the group can hear the radio broadcast of the national commander.

Mr. and Mrs. Harold MacGregor of Montebello Park were Sunday visitors at the Robert Klindt residence. The visitors formerly resided in Upland, Mr. MacGregor being employed by the J. F. Shea Co. in the laying of the Metropolitan Water District aqueduct. He is working for the company now in the Los Angeles area.

6 SLOT MACHINES TAKEN IN RAID AT LOS SERRANOS

Brown and Barker Confiscate Machines Being Operated Near Chino

Five slot machines and one race horse gambling machine were confiscated in a raid at Los Serranos Country club yesterday afternoon by local officers. The devices are being held at the Upland police station pending the court hearing.

This is the first time in many months such a raid has been conducted. More than a year ago, officers throughout the county began enforcing the anti-gambling law. The law prohibits maintenance of slot machines.

Deputy Sheriff Jack Brown and Constable Sam Barker appeared at the caddy house on the club grounds and took charge of the slot machine there. Employes in the caddy house then warned the attendants who were in the club house. The two local officers got to the club house just as the machins were being hidden.

Two of the slot machines were of the five-cent denomination, two of the dime variety and one could be played only with quarters. Another device was also operated with quarters. When coins were placed in it, horses raced over a short course.

According to Constable Barker maintenance of the devices is in violation of the county law and the machines were confiscated. Warrant for the arrest of the men responsible for them being at the club house is reported in preparation by county officials. The case will be first heard in the Chino justice court.

Guy Skyman, reported to be manager of the club, will be charged with "possession of a slot machine," said Deputy Sheriff Brown. The complaint naming Skyman has not been filed yet, but the officer said this would be done and the arrest made tomorrow.

Federated Aid of Presbyterial Will Be Held Wednesday

Mrs. Kent W. Fuller of Ontario, president of the Federated Aid society of the Riverside Presbyterial, and her committee are preparing for a large number of visitors when the federation meeting is held tomorrow in the Upland Presbyterian church.

Mrs. F. E. O'Brien, president of the Ladies Aid society of the Upland church, is in direct charge of local arrangements and she and her committee are preparing to serve the noon luncheon, for which many reservations have been made.

The business session will be held in the morning and in the afternoon the program will include an address by Mrs. William Woods of Riverside and special musical numbers. The public is invited to hear the address by Mrs. Woods.

Many Children See Foreign Dolls and Hear Their Stories

Approximately 100 children, both girls and boys, saw the remarkable display of 50 foreign dolls exhibited Saturday afternoon at the Upland public library by Miss Sarah E. Jacobus, librarian of the Pomona public library.

The children gathered in the Sarah Temple library room to see the dolls, all in native dress, and to hear Miss Jacobus tell of the country from which each one came and explain the costume each wore.

Of particular interest to the children, especially to the boys, was the wooden doll carved by headhunters.

Among the collection were four new dolls, shown by Miss Jacobus for the first time.

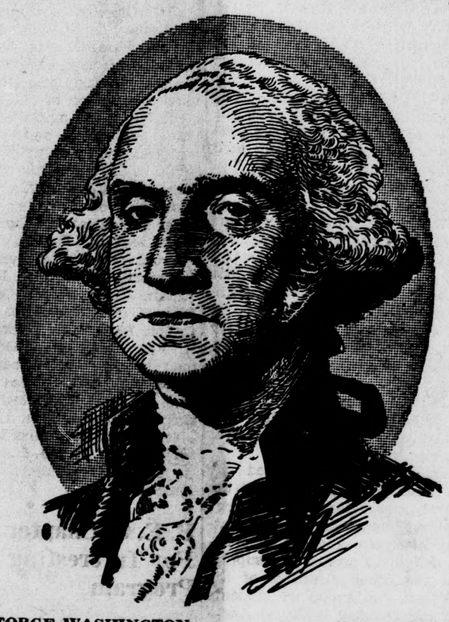
TRIO IS HELD IN CHICKEN STEALING

Alta Loma Resident Loses Birds and Pomona Men Are Arrested

LeRoy Carpenter, Pomona, pleaded guilty to a charge of stealing chickens and two other men pleaded not guilty when they appeared before Judge James Sharp in Cucamonga this morning. Carpenter was sentenced to six months in jail. Clarence Wright and Howard Shermer, both of Pomona, will face trial next Tuesday.

A dozen chickens were stolen from the Mike Carrara place, Monte Vista street, Alta Loma, Saturday night. The three Pomona men had been in that community during the day. Constable William Rupp investigated the men's home and he reported finding the chickens there.

"Father of Our Country"



GEORGE WASHINGTON
Born Feb. 22, 1732—Died 1799

The character of Washington is a fixed star in the firmament of great names, shining without twinkling or obscurity, with clear, steady, beneficent light. It is associated and blended with all our reflections on those things which are near and dear to us. If we think of the independence of our country, we think of him who was so prominent in achieving it; if we think of the Constitution which is over us, we think of him who did so much to establish it, and whose administration of its powers is acknowledged to be a model for his successors. If we think of glory in the field, of wisdom in the cabinet, of the purest patriotism, of the highest integrity, public and private, of morals without a stain, of religious feelings without intolerance and without extravagance, the august figure of Washington presents itself as the personification of all these ideas.—Daniel Webster.

POINTS IN CITRUS SELECTION CITED

Alta Loma Community Club Sees Chaffey Team In Demonstration

Alta Loma Community club members got some pointers on how to pick the best citrus fruit at their meeting last night. Chaffey high school's crack citrus judging team selected the best fruit and told why they did it. The student judgers were David Donnelly of Etiwanda, Ronnie Malaise of Upland and Robert Perrin of Ontario. Charles Perrin, head of the high school agricultural department, directed the program.

Prior to the students' judging, Mr. Perrin and Club President Arthur Allen selected various members to participate in selection of the best plates of fruit.

With 35 persons present, the meeting was held in the club rooms on Amethyst street. The committee in charge included Marion Stoebe, Albert Hodler and Don Quaschnick. Mr. Allen presided.

Ingalls To Quit Work With Liberty Groves

Stearns Ingalls, who has been secretary of Liberty Groves Operating Corp. for several years, informs us he has tendered his resignation, same to take effect March 1.

Mr. Ingalls expects to open an office in Upland and do general accounting, tax work and bookkeeping for persons and firms who require such service only part time. He is experienced in that line of work and already is serving in that capacity for several firms of this city.

Special Food Sales To Reduce Orange Surplus

Some of the state's orange surplus will be reduced through efforts of the California Orange Growers Stabilization committee and the special sales being planned by food stores in the state and throughout the nation.

R. O. Price of Upland and F. E. Wilcox, John Gaylord and Charles Latimer of Ontario are members of the committee.

California navel orange production is nearly 10,000 railroad carloads greater than it was in 1937.

It is more than 3,000 carloads greater than the average for 1935-1937. The production tabulation is: 1938, 23,496 carloads, and 1937, 13,897 carloads; 1935-1937 average, 20,326 carloads.

Other States Active

The crop in Arizona, Texas and Florida is also heavy, making a substantial coverage on the market throughout the United States.

Reduced to dozens, the California overage as against one year ago is nearly 70,000,000.

In order to market the complete California as well as the complete national crop, the growers have created the California Orange Growers Stabilization committee.

Three Sales Planned

The committee sought the cooperation of the National Association of Food Chain Stores, representing 37,000 retail outlets and also the aid of the Independent Food Distributors council, representing many thousands of individually owned stores. The department of agriculture is participating. The chain stores have agreed to give maximum attention to the promotion and sale of oranges in three separate orange weeks for the "record crop orange sale."

The weeks start February 24, March 24 and April 21.

DOPE STOLEN BY FIEND FROM THREE ONTARIO DOCTORS

Cars Entered Last Night and Only Morphine Taken By Thief

Apparently in search of dope, a thief stole medicine kits from three Ontario doctors last night. The kits, everything intact except morphine, were found this morning. They were taken from automobiles each parked at the doctor's home.

Victims of the thief are Dr. Walter A. Sullivan, 125 Rosewood court; Dr. Robert C. Nichols, 603 Euclid avenue, and Dr. Stephen A. Craig, 404 Armsley square.

Warning Sent

Teletype messages about the dope fiend's activities were sent throughout the southland this afternoon in a desperate effort to catch the thief. The only clue as to the person's identity is that his shoe size is 9½ or 10 and that his shoes are either new or new heels have been added recently, according to the imprints.

When "Flip's" place on Valley boulevard was entered by thugs last week, one of the three Mexicans declared: "We need money to buy dope." Whether there is any connection between that statement and the ransacking of the doctors' kits is unknown.

Little Morphine Carried

Forrest Shipps, Ontario fingerprint expert, who investigated the thefts, said that doctors in general do not carry much morphine. Two of the kits were found in an orange grove on East Fourth street, while the medicine kit from Dr. Nichols' car was found in the driveway.

That nothing but morphine was missing is conclusive evidence to Officer Shipps that the man was desperately in search of dope.

Farm Problem Will Be Topic of Lecture At Chaffey Thursday

S. G. Rubinow, publicist, agriculturist and writer, will ask the question, "The Farm Problem: What Is It?" at the second Thursday evening program on "The Foundations of Culture" series at 8 p. m., Thursday, in the Chaffey junior college auditorium. This is one lecture in a group of 12 informative and musical evenings offered as part of the Chaffey People's college.

At present Mr. Rubinow is head of the publicity department of the California Farm Bureau Federation at Berkeley. Previously he had been lecturer in agricultural economics at the Texas Agricultural and Mechanical college for several years. He was the first secretary of the National Cotton Marketing committee and general manager of the Minnesota Potato Growers' exchange.

R. O. Price, president of the San Bernardino County Farm Bureau, will introduce Mr. Rubinow as the speaker of the evening and preside at this, the second lecture in the series.

Faculty members of Chaffey junior college and high school will meet for dinner this evening at 6:30 o'clock, in the junior college building as part of the regular Teachers' Curriculum Seminar, according to Herschel R. Griffin, assistant superintendent.

UNIQUE PROGRAM IS PLANNED BY P.-T. A.

Ontario Council Will Meet On Wednesday at Mountain View School

A unique program, to be presented in the nature of a surprise, will feature the meeting of Ontario P.-T. A. council to be held Wednesday at the Mountain View school on South Archibald avenue.

The meeting will open at 10 a. m., with Mrs. Clem V. Svoboda, president, presiding, and Mrs. T. L. Johnson of Ontario, council program chairman, will be in charge of the program that promises to be of unusual interest.

During the afternoon session, which will follow the luncheon, Mrs. Howardine Hoffman, principal of the Chino schools, will be the speaker and a model P.-T. A. session will be demonstrated.

Facts, Folks and Fancies

Bell Rings 36 Hours

Alta Loma residents are reported to have gotten rather weary of the railroad crossing bell on Amethyst street over the week end. It rang continuously 36 hours, beginning at about darkness Saturday night and it didn't stop until early Monday morning.

A short circuit is believed to have started the bell. Hour after hour it tolled away. Repairmen quieted the bell as their first task yesterday.

Get Dates, Girls

Chaffey junior college girls can't be backward if they are going to attend a "Backward Dance" on the campus Saturday. It is an opportunity for the co-eds to do the asking. Advertised as a "Backward Dance," the event will be nothing of the kind.

In a brightly painted placard on the wall of the building, girls are urged to "get your date now if you want to swing down melody lane." The placard also points out: "Men, it's nice work if you can get it."

The dance is an annual event and the name merely infers that the dates are to be arranged by the women and not the men. That's the backward part of it.

22 Miles Speed Limit

In the District of Columbia the speed limit is 22 miles an hour, while in Minnesota it is 60 miles an hour, and in several states there is no limit, according to Fred E. Draper. He has a report issued by an insurance company which gives data about motor vehicle laws.

A person must be 21 years of age to get a driver's license in British Columbia, while in many states the age limit is 14 years. In six states no driver's license is required.

Families Get $700,000

Many motorists from here have observed the shacks, tent houses and other temporary abodes of migratory families in the San Joaquin valley. The Regional Farm Security Administration has just received $700,000 to be used in providing food, clothing and medical attention to the transients in San Joaquin and Imperial valleys.

CHANGE IN RELIEF SET-UP IS OBJECT

C. E. Grier Calls Meeting of State Committee For Tax Study

Definite plans for the drafting of a legislative program that will give tax relief to property owners will be formulated at a meeting called by C. E. Grier for March 4. The meeting will bring together representatives of 13 state-wide organizations. The session will be held in San Francisco.

In January Mr. Grier was named temporary chairman of a committee to study possibility of offering a new relief setup to the legislature. The March 4 meeting is expected to form a permanent committee and to take definite action relative to a program that will get the matter before the legislators at the next session. Mr. Grier is also president of the State Supervisors association.

The committee will make an extensive study of the relief problem in the state and suggest possibility of more equitably distributing the cost of providing relief money. At present the counties pay what Mr. Grier declares is too large an amount as compared with the total supplied by the state.

In the March 4 conference and in subsequent meetings the aim is to work out a relief program that will relieve real property owners.

Rotary, 20-30 Clubs To Entertain Ladies

The Upland Rotary and 20-30 clubs will have a joint guest night meeting at the Woman's club house this evening. Rotarians are the host club and members of both clubs will have their ladies as guests.

More than 100 club members and ladies have made reservations to attend the event, which promises to be a most enjoyable evening.

George Washington

Dark days of uncertainty and confusion held the United States in a paralyzing grip during the stormy six years which followed 1781.

True, the superb generalship of Washington, commander-in-chief of the Continental armies, had completely shattered Britain's yoke with the final military masterstroke of the Revolutionary war—the successful siege of Yorktown and Cornwallis' abject surrender.

But who was now to unite the young and struggling nation in peace as it had been united in war? Alarmed by its political chaos, Washington stated anxiously during these years: "Something must be done, or the fabric must fall, for it is certainly tottering!" To influential friends, he wrote countless letters, making a vigorous plea for an indissoluble union.

When the first bold step was taken toward such a union with the calling of the constitutional convention in 1787, it was apparent that only the dynamic leadership of Washington could guide that convention successfully through the Valley Forge of political strife which threatened to rend the young nation apart.

And when the framework and structure of that "more perfect union" had at last been agreed upon, the man who had fought so valiantly in war and peace to create such a union was the one chosen to guide its new destiny. In no state was any other person than Washington considered for the high post of America's first president.

And when, at last, death overtook Washington one December night in 1799, Henry Lee voiced the sentiment of America then, as he voices it today, in deathless words which affirm: "He was first in war, first in peace, and first in the hearts of his countrymen."

The need of today is a man of the type of Washington or Lincoln—a man not only of strong determination, but a man of sound judgment. This country is again in a perilous and doubtful condition—and there is no one at the helm of whom can be said what Henry Lee said of Washington. Always in the emergencies and critical periods of the past some outstanding statesman has come to the front and led the nation safely through. The time is now at hand when we need just such a personage as that—someone in whom business will have confidence and thus have assurance of assistance instead of being hampered and not knowing what the next day will bring forth in regard to the policy of the nation's leaders.

Surely such a man—or men—will soon appear and thus insure the stability and progress of the country.

In all probability there are not many Californians who realize the proportions of the canning industry of their state. That industry last year produced 37,516,000 cases of fruits and vegetables, that amount being an increase of 4,000,000 cases over 1936 and 14,000,000 cases above 1933. This does not include 4,200,000 cases of fruits and vegetables used in cocktails and salads. Of a total pack of 21½ million cases of fruit, 15,000,000 cases were peaches. Apricots were second in amount with 5½ million cases. Tomatoes comprised the greatest amount of vegetables packed—accounting for 12 million of the total of 16 million cases. The amount of tomato juice canned last year was 2,317,206 cases, asparagus totaling 2,072,590 cases. Spinach pack was 2,179,750 cases. While the total vegetable pack last year was 15,999,000 cases, it was a half million cases less than that of 1936. In contrast to this, the pack of fruit jumped to an all time high, surpassing the 1936 pack of 5,300,000 cases. Cooperation of food stores improved marketing methods, it is said—and advertising was the means of moving vast amounts of surplus products. The canning industry is highly competitive, it is pointed out, the various products competing with each other. For instance, if the consumer thinks the price of California peaches gets too high he turns to pineapples or some other fruit. So Ralph H. Taylor, executive secretary of the California agricultural council, warns thus: "Without inclining to pessimism, but recognizing the vital need of taking a long-range view of the situation to guard against future marketing difficulties, California growers, regardless of their particular crop, need to look beyond immediate profits in weighing industry problems.

The nation's relief bill during 1937 is given as $2,333,314,000—that astounding figure not including the administrative cost. The figure does include federal, state and local aid to the needy—and compared with $2,618,027,000 the previous year. These figures were given out by the Social Security Board, who also gave the cost of public relief in December as $194,000,000—an increase of about $12,000,000 over November. The rise in general relief in December provided by states and localities was nearly 21 per cent, while earnings under the federal works program increased slightly more than 4 per cent. The board's report further disclosed that 20 per cent of the estimated population 65 years of age or older received help in December in 47 states, District of Columbia, Alaska and Hawaii.

We understand the management of the National Orange Show at San Bernardino wanted Edgar Bergen and his dummy friend, Charley McCarthy, as an attraction at the show next month. Replying to an inquiry as to what the charge would be Mr. Bergen—or was it Charley?—offered to appear one day for $10,000 or three days for $18,000. They say it took Berger and Charley more than twenty years to "get into the big money"—but apparently they are now making an attempt to make up the difference between what they got during those years and what they feel they should have gotten.

This may not be an actual instance, but it illustrates the point: An Upland business man upon a recent visit to Big Bear reverted to his boyhood days back east—and made a snow man in the yard in front of his cabin. After he finished his masterpiece he placed the shovel handle under the snow man's arm—and the next morning when he went outdoors to view his creation he found a WPA pay check in his hand.

Recently in Los Angeles advocates of the $25 a week pension plan and those favoring $30 a week clashed. Perhaps if someone would raise the figure to $40 the matter could be settled very satisfactorily—to those who would receive the money. And if the government wants to help the business man they can do it by taking the profits—if any—and let him keep the taxes.

Notes of Society

Merry Wives Observe Anniversary With Special Party

Making a special event of the twenty-seventh anniversary of the organization of their club, the Merry Wives held an all-day party at the firemen's cabin in San Antonio canyon Friday, hostesses for the day being Mrs. F. H. Manker, Mrs. G. A. Brest, Mrs. W. C. Cline, Mrs. Gordon C. Day and Mrs. C. K. Francisco.

Although it rained during the day, a sparkling fire in the big fireplace made the cabin quite cozy and bowls of Transvaal daisies brightened the dinner table.

A delectable baked ham dinner was enjoyed at the noon hour and was followed by a pleasant social afternoon, the group of friends passing the time in visiting and playing various games. Adding to the pleasure of the members was the presence of Mrs. Frederick Wing, formerly of Upland and now of Glendale, who retains her membership in the club although she does not often attend.

Two visitors were present, they being Mrs. Henry Cornelius of Canada and Mrs. A. E. Braley of New York, guests of Mrs. Gordon C. Day. Among the members in attendance were Mrs. G. A. Brest, Mrs. W. C. Cline, Mrs. D. D. Crew, Mrs. George Gregg, Mrs. F. H. Manker, Mrs. Isabell Brown and Mrs. T. M. Nichols, all original members of the club, and Mrs. Grace Paulin, Mrs. Perry O. Pupils Presented In Piano Recital by Mrs. Harrison

A combination piano recital and party was given Friday evening by pupils of Vivian H. Harrison in the third of their series of musical evenings for the entertainment of 36 parents and friends, at Mrs. Harrison's home, 442 East Ninth street.

The program was divided into three parts. The very little ones played first, then offered two selections together in a rhythm band. Jean Louise Tate, aged 4½, played and sang two little pieces.

The second part of the program was devoted to compositions of the great masters, played in chronological order beginning with Bach, down to the present day. Pan-Hellenic Society Benefit Tea To Be Given Saturday

With a large number of reservations already made, the annual scholarship benefit bridge tea to be given Saturday, Feb. 26, by the Chaffey district Pan-Hellenic society promises to be one of the outstanding social events of the spring.

The Upland Woman's club house has been selected as the place for the benefit affair and the club rooms will be specially decorated for the occasion.

The Pan-Hellenic society, of which Mrs. Kermet L. Benson of Ontario is the president, was organized a number of years ago for the purpose of raising and maintaining a revolving fund to be lent to Chaffey graduates who desire to continue their education.

At the present time the society has a total of $2,100 lent to 17 students and other loans soon will be made. Once each year a public benefit bridge tea is given to secure additional funds and this very worthy project always receives generous support.

Mrs. Walter Hall, named by Mrs. Benson as chairman of the general committee, is in charge of arrangements for the tea Saturday afternoon and she announces a delightful program to supplement the other pleasures of the afternoon. A group of students from the Dorothy Williams studio will appear in a number of dances and Murray Owen of the Chaffey music department and his student ensemble will play during the tea hour.

The bridge tea is open to the public and reservations may be made with Mrs. Hall, phone 615-123, or with Mrs. Benson, phone 617-171.

Watch Your Kidneys 6

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.

Other signs of kidney or bladder disorder may be burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use *Doan's Pills*. *Doan's* have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. *Ask your neighbor!*

Board of District P.-T. A. Meets for Important Session

Of particular interest to those attending the Fifth district P.-T. A. board meeting held Friday in Colton, was the panel discussion of motion picture problems led by Mrs. Cora Miller of Chino.

Blind booking, double feature programs, etc., were considered and during the discussion it was stated that in the United States each week approximately 12,000,000 children under the age of 12 years spend a minimum of two hours in motion picture theatres. A unanimous opinion was given that no child under eight years of age should attend picture shows and for nervous, emotional children the age should be at least 10 years.

The meeting convened in the morning with Mrs. Minnie Emmons of Ontario presiding, and she announced that all district reports must be in her hands by March 20, and all money due the district treasury must be turned over to the finance committee for auditing by March 10.

The committee recently appointed to consider questions of stricter law enforcement, submitted a report embodying suggestions concerning cooperation with character building organizations and law enforcement agencies, the discouragement of indecent advertising and enforcement of laws prohibiting the sale of cigarets and liquor to minors. The report will be submitted at the general district meeting.

The afternoon session was featured by a Founders day skit, a fantasy presented by Mrs. A. R. Pontius of Redlands, district radio chairman, who represented both Mrs. Alice Birney and Mrs. Phoebe Hearst, founders, as they viewed earthly activities from the celestial realm and discussed the progress made by P.-T. A. A large group of Mother Singers from Redlands sang several numbers.

A welcome to the P.-T. A. group was extended by John H. Waldren, superintendent of Colton schools, and Mrs. A. A. Werner of Etiwanda made the response.

Mrs. Earl H. Johnson, chairman of the sick baby fund, reported that during the fall and winter eight babies had been cared for at the hospital, two of them having been critically ill of pneumonia. In two of these cases the parents accepted aid as loan and will repay the money used to care for their children. There is now in the fund a balance of $733, Mrs. Johnson stated, much of this sum having been secured in the recent baby brigade campaign.

Mrs. Norman S. Lawson told of the series of teas being given as benefits for the Auxiliary treasury and reported the annual campaign for funds is continuing with enthusiasm, with more benefit events being planned and more donations being made.

Mrs. Ralph Marks told of the sewing done for the hospital by the various member organizations, and Mrs. John Hooval reported splendid additions to the hospital library.

In the absence of Mrs. R. R. Harrington, her free bed fund report was read by the secretary, Mrs. A. M. Dickie. Although there have been no calls for the free bed since the first of this year, the fund was drawn upon heavily during the past year, according to the report.

At the conclusion of the business session, Dr. A. A. Aita, business manager of the hospital, gave a particularly interesting talk on types of pneumonia, explaining the various symptoms and the treatments required.

W. C. T. U. Hears of Work Accomplished By Chinese Woman

The story of a remarkable Chinese woman was told by Mrs. F. J. White when she spoke at the meeting of the Upland Woman's Christian Temperance Union held Friday at the Methodist church.

Speaking during the afternoon session on "Temperance and Missions," Mrs. White told of the temperance work carried on in China by a native woman whose admiration for Frances E. Willard led her to adopt the name as her own, becoming Frances Willard Wong Liu. She is the wife of the president of the University of Shanghai and is a brilliant speaker and writer.

In leading the devotional service that opened the afternoon session, Mrs. Lucy Wilhoite, who had a personal acquaintance with Frances E. Willard, told of events occurring just before her death, 40 years ago.

The meeting opened in the morning with the president, Mrs. Ralph H. Marr, conducting the routine business session, which was followed by a contributed dish luncheon served at the noon hour.

Miss Schmidt Named By Chaffey Seniors For Honor by D.A.R.

Selected by fellow members of the Chaffey high school senior class as the high-point student in general citizenship, Miss Joyce Schmidt, daughter of Mr. and Mrs. Ben Schmidt of Ontario, has been placed in the state competition for selection as California's representative in the annual D. A. R. Pilgrimage to Washington, D. C.

This is the third year that senior classes in the high schools of the state have selected entries in the state contest, in which the state board of education conducts a scholarship and citizenship examination. The same plan obtains in the other states of the Union and the winners in the state contests are rewarded by the National Society of the Daughters of the American Revolution, which takes the girls to Washington, D. C., to be guests at the annual National D. A. R. congress.

Miss Schmidt's selection as representative of the Chaffey senior girls, entitles her to a good citizenship medal offered by San Antonio chapter, D. A. R., and the medal will be presented to her during the colonial tea to be held by San Antonio chapter in the Upland Woman's club house Thursday afternoon, the presentation being made by Mrs. John Whittier Howe Hodge of Los Angeles, state regent of the California D. A. R. society.

CHAFFEY QUINTETS FACE TWO CRUCIAL GAMES THIS WEEK

Tigers Play at Redlands While Panthers Meet San Bernardino Here

It's a big "if" ahead for Chaffey basketball teams this week.

High school and junior college hoop teams will win titles in their respective leagues "if" they don't lose any more games and especially if they win this week's games.

Redlands and Chaffey are tied in the C. B. L. race among the high school quintets. Chaffey plays at Redlands Friday night and a win for the Tigers will mean the hoop championship. The Tigers were out in front in the race until the disastrous defeat by San Bernardino last Friday. The Cards took advantage of the Tigers' apparent over-confidence and won 25-18. The game was played at San Bernardino.

Panthers Beat Pomona

The Chaffey Panthers did considerably better than their younger brothers Friday, defeating Pomona jaysee in a game here 51 to 36. This win, however, doesn't offset the recent Fullerton victory over the Panthers. Fullerton is leading with Chaffey in second place. A Chaffey victory over San Bernardino this week will keep the Panthers in the race and give them a chance to meet Fullerton in the play-offs. The San Bernardino game will be in the Chaffey gym.

So the "ifs" loom big today but Coaches Karl Kaiser and Howard Mitchell are noted for overcoming obstacles. The Tigers have shown considerable class. They defeated Redlands in the Chaffey gym during the first round play. Throughout most of the season. Kaiser's men have played stellar ball.

Few jaysee teams ever to play for Chaffey have shown the speed and accuracy of the current Panther five. Losing to Fullerton is no disgrace as the Hornets opened the season as the favorites to cop the title.

Line-Ups

Chaffey players in the Chaffey-Pomona game and their scoring records follow: Forwards—Rothrock, 5; H. Smith, 2; Devore, 9; E. Smith, 2. Center—Doll, 21. Guards—White, 5; Farrar, 3; Hunt, 2; Terry, 2; Thompson, 0.

In the Chaffey-San Bernardino game, the Tiger players and scoring records included the following: Forwards—Cardin, 0; Tucker, 6; Pointexter, 4. Center—Latimer, 4. Guards—Johnson, 2; Rodriquez, 0; Johns, 0; Hofer, 2.

The Chaffey sophs lost to San Bernardino 16 to 24. Zmolek led the Tigerette scoring spree with 10 counters.

None Hurt in Four Upland Accidents

No persons were injured in four automobile accidents in Upland over the week end, but traffic crashes elsewhere in the Chaffey district caused two deaths.

Dying from injuries received in crashes were Max Petzold, 64-year-old Chino resident, and Ruth Bergenson, 21, Los Angeles.

Petzold died at the San Antonio Community hospital Sunday morning following an accident Saturday on California boulevard near Monte Vista street. Miss Bergenson died at a San Bernardino hospital following an accident on Valley boulevard near Etiwanda avenue.

Information on the four accidents in Upland was given as follows to the Upland police:

H. C. Griffith, Claremont, going west on Ninth street, ran into the rear of a machine driven by E. J. Baltzell, San Bernardino, this car being parked in front of the Home cafe. The accident occurred Sunday evening.

At Third avenue and Arrow highway, cars driven by George E. Kline, Cucamonga, and Manuel Padilla, Upland, collided Saturday afternoon.

Josephine P. Smith, Los Angeles, was driving a car that figured in an accident with a Santa Fe train Saturday afternoon. She was going north on Euclid avenue.

Cars driven by G. J. McCoy, 93 West Vernon drive, and R. G. Cawsey, Claremont, got tangled up at Laurel avenue and Arrow highway.

Lee Guttero, Other Former Trojans, To Play "Y" Tonight

Lee Guttero and other former U. S. C. basketball stars will be seen in action in the Chaffey gymnasium tonight. The Ontario "Y" basketball five will play the Los Angeles Athletic club team.

The L. A. team includes besides Guttero, Eddie Orsm and Ward Browning, former U. S. C. stars. The two teams played earlier in the year, Los Angeles winning 39 to 35 in a close, fast battle.

The Ontario quintet is rated one of the strongest teams in the southland.

Rev. Frank Daniel To Discuss Liquor Problem at Church

The Rev. Frank Daniel, representative of the Church of the Nazarene in the Southern California district, will appear at the Upland

Rev. Frank Daniel

Church of the Nazarene tomorrow evening at 7:30 o'clock, and discuss the liquor problem.

The Rev. Mr. Daniel is well known in California and in a number of other states where he has lectured extensively on prohibition, speaking in many large churches.

In his appearance at the local church tomorrow night, he will deliver an illustrated lecture showing the detrimental effects of alcoholic drink and the cause of its increasing use.

The Rev. John P. Mandtler, pastor of the local church, stated today that the church extends a cordial invitation to the public to attend the meeting.

Cucamonga-Alta Loma

Epworth Leagues Hold Retreat

A happy and profitable week end was spent in the mountains by about a dozen young people from Epworth Leagues of the Pomona area, among whom were Eugene Giachino of the Cucamonga church and its pastor, Rev. William A. Tieck, who is the group's advisor.

The personnel of the meeting consisted of new and old officers of the Alliance organization, and the young people were housed in the James Paulin and Charles Beckley cabins on the shore of the lake. They spent Saturday afternoon and most of Sunday in snow sports and discussing plans for the coming year, which begins with the installation of the new officers at a regional convention starting tomorrow in Monrovia.

At this time, Kathleen Beckley and Eugene Giachino of the Cucamonga church will be formally installed in the fourth vice-presidency, to head the department which has to do with social activities, and the Rev. Mr. Tieck takes up the pastor-advisorship.

Sunday morning at the retreat, Arthur Sherbondy of Upland, retiring president, led the group in a short but impressive devotional, with the Rev. Mr. Tieck speaking upon the theme "Are You Yourself?"

Pastor Attends Conference

Rev. William A. Tieck, minister of the Community church, left yesterday for Berkeley, where he will attend a three-day pastoral conference. He is making the trip north with the Rev. and Mrs. Paul F. Huebner of the Upland Methodist church.

The conference is held annually under the auspices of the Pacific School of Religion, and its outstanding speakers and discussions command wide attendance from the west coast.

Upon his return Friday, the Rev. Mr. Tieck plans to be present at a large convention of young people of the Foothill region, which opens that afternoon in Monrovia.

It is hoped the Cucamonga church will be represented by several of its young people. On Sunday, the Rev. Mr. Tieck will occupy the pulpit in the usual services.

Mrs Hively Honored

The February party held Friday evening by the F. S. G. club was featured by a special courtesy for one of the members, Mrs. Harold Hively, who was presented with a collection of lovely gifts for her layette.

Mrs. Marvin Wangler was hostess for the evening, entertaining her guests at her home on Foothill boulevard, Cucamonga.

Bridge was played for a time and score prizes were awarded to Mrs. John McKee, first; Mrs. Claude McKee, consolation, and Mrs. Grant Beck, traveling.

At the conclusion of the games, the gifts were presented to Mrs. Hively in a daintily decorated covered cradle and some time was spent in displaying the articles. Mrs. Wangler served tempting refreshments.

Attending were three guests, Mrs. Helen Taylor Miller, Mrs. Ned Thudium and Mrs. Robert Miller, and the club members, Mrs. Claude McKee, Miss Alice Hawker, Miss Marcella Kirick, Mrs Harold Hively, Mrs. Edmund Hogancamp, Miss Margaret Wilson, Mrs. John McKee, Mrs. Grant Beck, Mrs. Poll Sanchez, Mrs. James Hiller, Miss Rose Sanchez, Miss Mary Santolucito and Mrs. Wangler.

Mrs. Arthur Allen, who has been ill of influenza for the past week at her home, 640 Amethyst avenue, Alta Loma, is now improving and is able to be up part of the time.

300 TRACK MEN TO COMPETE SATURDAY

Chaffey Host to Southland Meet—Records Likely To Fall

Track records are likely to fall and number of participants is likely to be greater than ever for the annual Southern California college and junior college relays. The track event will be held on the Chaffey field Saturday. This will be the eighth year for the events, but the first year for the Chaffey field.

John Raitt, former Fullerton star, now at the University of Redlands, will get the spotlight. He holds Southern conference records in the shot and discus. He also heaved the javelin to a first place for Redlands last year. His shot mark is 49 feet, 3½ inches.

Approximately 300 athletes from 23 institutions will be in competition. Seventeen track events and six field events are billed for the afternoon's activity. Ernie Payne, Chaffey jaysee track coach, is chairman, and Walter A. Hall is secretary if arrangements for the event.

Not only are there going to be many outstanding athletes, but also the list of officials reads like a who's who in Pacific Coast sports. Some of the famous people who will officiate are Arthur Flum, U. S. C. tennis captain in 1931, now jaysee instructor; Bill Graber, former world's pole vault record holder; Nelson Gray, former Stanford star and Olympic weight man; Burt Heiser, jaysee grid coach; Howard Mitchell, high school grid coach; Walter A. Hall, who made 14 varsity letters in U. S .C. sports and now jaysee instructor; Kinter Hamilton, and Bob Weaver, former A. A. U. official.

An 880 relay team from Riverside holds one of the best records. Clyde Jerrery, Bryant Allen, Harris Bess and Finley Clupepper hold fast marks.
